

Attention ALTSA Subsidy Applicant:

You are eligible to apply for the Aging and Long-Term Services Administration (ALTSA) Rental Subsidy because:

- You are **functionally** eligible for ALTSA Long-Term Supports and Services
- You are **financially** eligible for ALTSA Long-Term Supports and Services

ALTSA Long-Term Supports and Services (LTSS) are flexible and can be tailored to fit your needs and preferences. They can also help you develop and keep a good standing as a tenant if your circumstances change, or if maintaining your housing becomes difficult. These services are available to help you keep your independent housing as long as possible.

Consider these tips for maintaining your tenancy with Long-Term Services and Supports:

- Discuss with your Case Manager the full package of services that are available and clarify what services you are willing to accept.
- Actively participate in the CARE assessment each time it is scheduled. This is how your eligibility for ALTSA LTSS is determined. Your assessment can identify a variety of services that you may want.
- If your circumstances change and you feel you need more care, reach out to your Case Manager.
- Ask someone you trust to participate in the CARE assessment with you.
