WELCOME

- > Please mute your cell phone while in the training.
- > Full class participation required for certificate. Please sign in.
- ➤ Please complete the survey provided at the end of training. Your input is valued for improvement.
- ➤ Certificates to be issued via email about a week after class. Please keep copy for your records.

Community Nurse Delegation

Under Washington State law,

Long Term Care Worker's are delegated by an RN to perform specific nursing tasks that do not include administration of medications by injection (by muscular, intradermal, subcutaneous, intraosseous, intravenous, or otherwise), except for insulin and noninsulin injections for Diabetes, sterile procedures, central line maintenance, and acts that do not require nursing judgment.

A registered nurse must teach and supervise the nursing assistant, as well as provide ongoing nursing assessments of the patient's condition.

Nurse delegation allows for clients to be able to have options for where to live and still receive needed care and services.

DSHS Serves the Medicaid Client

RN Delegator Client Services:

Services provided directly to agency (DSHS) clients (individuals) for whom the agency has statutory responsibility to serve, protect, or oversee.

Clients are members of the public, external to state government, who have social, physical, medical, economic or educational needs. The Contractor must supply direct service to agency clients.

The benefit is to the Client, not DSHS.

RN Responsibilities

As a contracted registered nurse delegator, you are providing a CLIENT service with a duty to follow your DSHS contract requirements.

Tasks include:

- 1. Receive referral from DSHS or Area Agency on Aging Case manager.
- 2. Obtain consent from client or representative.
- 3. <u>Assess</u> client to determine stability and predictability.
- 4. <u>Determine</u> if the task can be delegated.
- 5. <u>Teach</u> the long-term care worker the nursing task.
- 6. Evaluate the performance of the long-term care worker.
- 7. Provide ongoing supervision of the client's condition.
- 8. Provide <u>ongoing supervision and evaluation</u> of the long-term care workers performance of the nursing task.

It is not easy to grasp all the knowledge in one day. It is an experience that you develop through time and effort.

Washington State Laws & Rules

Revised Code of Washington (RCW) is the Law of Washington State

Nurse, Activities Allowed, Delegation of tasks.

Washington Administrative Code (WAC) are the Rules of Washington State.

- ➤ The Rules/WAC are the details for implementing the Law. The WAC cannot exist without Law or Statute behind it.
- Nurse Delegation Rules WAC 246-840-910 thru 970

Acronyms

- * CARE Assessment: ADL focused and done by case managers
- **LTCW**: Long-Term Care Worker
- NA-C: Nursing Assistant Certified
- **HCA-C or HCA:** Home Care Aid Certified
- NA-R: Nursing Assistant Registered
- **IP:** Individual Provider
- **CM:** Case Manager
- **CRM:** Case Resource Manager
- * ROI: Release of Information or DSHS agency consent

Agencies Supporting Nurse Delegation

- **•HCS:** Home and Community Services
- **DDA:** Developmental Disabilities Administration
- **AAA:** Area Agency on Aging
- •RCS: Residential Care Services Inspectors and Complaint Investigators
- •CRU: Complaint Resolution Unit Report issues for client setting
- ■APS: Adult Protection Services Mandatory Reporter

What Laws and Rules govern the program?

Washington Administrative Code:

Nurse Delegation Rules WAC 246-840-910 thru 970

Nurse Practice Act: Nurse Delegation Law RCW 18.79A.260

Medication Assistance Rules: WAC 246-945 (formerly 246-888) the Pharmacy Board changed the WAC as it is written. ** WSR 24-14-078

ALTSA Long Term Care Manual Chapter 13

DDA Policy 6.15

Contracted Nurse Delegators

For contracting with DSHS you will be required to have the following:

- 1. Active WA state or MSL unincumbered RN license
- 2. Minimum 2-year nursing experience
- 3. 2 professional recommendations
- 4. Open your own business in WA state
- 5. Obtain General/Professional liability insurance
- 6. DSHS Background Check every 2 years (must not have a disqualifying crime)
- 7. Create an account through the contracting process with Health Care Authority for Medicaid payment. The contractor is solely paid Medicaid funds for services provided.

What does a contracted RN get paid?

Billing is done in units

1 unit= 15 minutes

4 units= 1 hour

Current rates: \$12.86 per unit/\$51.44 an hour for Individual RN

\$15.43 per unit/\$61.72 an hour Home Health Agency ND Contracted RN

Nurse Delegation Program from the Beginning

THE NURSE DELEGATION PROGRAM WAS ESTABLISHED THROUGH DOH WITH DSHS IN 1996-1997 FOR 3 SETTINGS WHICH INCLUDE AFH, ALF, AND SUPPORTED LIVING.

IN-HOME SETTING WAS ADDED IN 2000.

THE LAWS AND RULES HAVE BEEN UPDATED DURING THIS TIME.

THE WA STATE BOARD OF NURSING IS THE HOLDER OF THE LAWS AND RULES, AND ANY CHANGES MUST GO THROUGH DOH.

ALTSA/HCS Settings

Adult Family Home (AFH)

- 2-8 clients
- No nurse required as staff
- Regulated by RCS
- Contracted RND paid to delegate to LTCW for state client

Assisted Living Facility (ALF)

- 6 or greater clients
- Often have an LPN or RN during the week
- Contracted RND are NOT paid by state to provide delegation in ALF (ALF pays them)

<u>In-Home</u>

- Clients live in their own private home
- May be cared for by and individual provider (IP) or agency provider(AP)
- Contracted RND paid to delegate IP

DDA Community Certified Residential Programs

Supported Living	Group Homes	Companion Home
Client may live in own home or share with 3 others	Group settings, client may live in a facility with which serves 2 or more adults	Client resides in own home
Client is cared for by a state contracted agency	Client is cared for by facility staff	Client is cared for through an agency
No nurse is required on staff	No nurse is required on staff	No nurse is required on staff
Contracted RND paid to delegate to LTCW	Contracted RND paid to delegate to LTCW	Contracted RND paid to delegate to agency LTCW

Home Care Aide Certified (HCA-C)

- ✓ Active HCA-C credential with DOH Nursing Assistant Certified (NA-C)
- ✓ Active NA-C credential with DOH Nursing Assistant Registered (NAR)
- ✓ Active registered credential with DOH
- √ Completed Basic Core training
- All LTCW must have Nurse Delegation Core training certificate or transcript
- > All LTCW must have the Nurse Delegation Special Focus on Diabetes certificate or transcript if administering insulin.

Mandatory for Delegation of LTCW

- LTCW must have an active credential with DOH to be delegated
- RCW 18.88A.210 Delegation—Basic and specialized nurse delegation training requirements
- WAC 246-841-405 Nursing Assistant Delegation
- WAC 246-840-930 Criteria for Delegation
- Verify that the nursing assistant or home care aide:
 - Is currently Registered or Certified as a Nursing Assistant or Home Care aide in Washington state without restrictions.
 - Has completed the Nurse Delegation for Caregiver's core training
 - If administering insulin, the Special Focus on Diabetes training

Nurse Delegation and Nursing Process

5 Steps in the Nursing Process

- 1.Assessment
- 2. Nursing Diagnosis
- 3. Planning
- 4.Implementing
- 5. Evaluating

*** WAC 246-840-930

Assessment

Gather information about the client's condition

Requirements:

- Full systems head to toe assessment
- Is the client's condition STABLE and PREDICTABLE:
 - The RN determines the clients clinical and behavioral status is non-fluctuating and consistent.
 - The client does not require frequent nursing presence
 - The client does not require frequent evaluation by an RN
 - Client with terminal condition and those on sliding scale insulin are stable and predictable if they meet the above criteria.

Nursing Diagnosis

Identify the client's problems

The nursing diagnosis is part of the Nursing Process.

The clinical judgment about individual, family or community responses to actual or potential health problems / life processes.

A nursing diagnosis provides the basis for selection of nursing interventions to achieve outcomes for which the nurse is accountable.

This is the reasoning process with which the RND makes the decision to delegate or not delegate the task to a LTCW.

Reference to nursing process: WAC 246-840-700

Planning

Specific and focused to the client and their condition.

Clear
description
of nursing
task with
step-by-step
instructions.

Expected outcomes of delegated nursing task.

Possible side effects of medications prescribed.

Document to whom the LTCWs report and when.

How to document the nursing task as complete or omitted.

Implementation

ND Task	DSHS Form Number
Referral from CM - Complete and return your portion to CM within 2 business days and assessment within 5 days of acceptance.	01-212 Nurse Delegation: Referral Form
Obtain Consent from Client or Legal Representative	13-678 pg 1 Consent for Delegation Process
Complete LTCW Credentials and Training Verification	10-217 LTCW Credentials and Training Verification
Client Assessment (required for all NDs)	The department does not have a standardized form for assessment
Instruct, Supervise and evaluate LTCW with instructions for Nursing Task	13-678 pg 2 Instructions for Nursing Task
Complete Nursing Visit form (required at minimum every 90 days)	14-484 Nursing Visit Form

RN Evaluation

- Evaluation occurs ongoing and nursing visit must be completed at least every 90 days with the Nursing Visit Form and in person visit.
- Initial Insulin administration supervision is every 2 weeks for the first
 4 weeks and more frequently if the RN decides it is necessary.
- Determine the goals met and outcomes achieved.
- Client assessment.
- Supervise and evaluate the performance of each delegated LTCW on the assigned nursing task for each client.
- Document the assessment, evaluation and competency. (Nursing Visit Form).

Prohibited Nursing Tasks

- Administration of medications by injection, except for insulin and noninsulin injections for Diabetes
- Sterile procedures
- Central line or IV maintenance
- Acts that require nursing judgment

RND Delegated Task List- EXAMPLES

Oral medication administration	Insulin administration
Topical medication administration	Non-insulin injection for Diabetes
Eye drop administration	In and out urinary catheterization
Ear drop administration	Clean suction – oral and tracheal
Nasal spray administration	Non-sterile bladder irrigation
Medications/feedings via G-tubes	Vagal Nerve Stimulators
Nasal Versed administration	Clean and Simple dressing changes
Blood glucose monitoring for DM	Ostomy wafer Change

Summary so far.....

- Nurse Delegation is based on the Nursing Process
 - Assess
 - Nursing diagnosis
 - Plan
 - Implement
 - Evaluate
- Only occurs in designated community settings (Not hospitals, jails, schools or skilled nursing facilities)
- The client must be stable and predictable
- LTCW must have appropriate training and credentials
- RN is responsible for delegating the nursing task based on <u>written</u> instructionsteaching, observing, and evaluating
- LTCW is responsible for performing the nursing task as instructed on <u>written</u> instructions
- Laws and rules govern the program.

Questions?

When Delegation may **NOT** be needed

- Personal care
- Basic first aid
- Medication assistance
- Self-directed care

** These are tasks the LTCW receives basic training for along with basic medication instruction.

Personal Care Task

- Medicated shampoos for chronic conditions (if acute condition is for example wound on the head it would require delegation)
- Chlorohexidine mouth rinse
- Topical lotions (if medicated use nurse judgment to delegate if needed)
- •Indwelling catheter care**
- Antiembolism stockings (TED)
- Emptying a colostomy bag**
- Peri care**
- •Filing nails**

Basic First Aid

- Applying a bandage to a cut
- Reinforcing a bandage
- Naloxone delegation is not necessary for this task. It can be delegated if determined by RN if needed,

Medication Assistance vs. Medication Administration

The distinction between these 2 ways for individuals to receive medication is critical in determining to delegate to LTCW or not.

- ➤ Medication Assistance describes ways to help an individual take their medication and does not need delegation.
- ➤ **Medication Administration** is the <u>way an individual receives</u> their medication from an authorized person. This task must be delegated if it is for a LTCW to complete.

What Is Medication Administration

- When the client is <u>not functionally</u> able and/or <u>not cognitively</u> aware they are receiving medications, the LTCW is authorized to do so with delegation of the medication.
- The LTCW must be delegated for each task.
- Administration required must be documented in the CARE and Nursing assessment.

Medication Assistance

- » Rules in progress with the Pharmacy Commission WSR 24-21-154-CR-102 Med Assistance
- » Assistance describes ways to help an individual take their medications:
 - > Remind
 - > Coach
 - > Open the package
 - > Pour out of package
 - > Crush if labeled correctly
 - > Dissolve
 - > Mix with food or fluid
 - > Use of an enabler

Medication Assistance continued

For <u>Medication Assistance</u> to take place, the client must be both:

- <u>Functionally</u> able to get the medication to where it needs to go (the last step)
 - For example:
 - Put medication in their own mouth
 - Apply ointment to their own body
- <u>Cognitively</u> aware they are receiving medications
 - The client does not need to know the name of the medication or the intended side effect

If client is not functionally able to take medications and cognitively aware they are receiving medications, the medication may be administered by a person legally authorized to do so.

Additional Medication Assistance

- If medications are crushed or dissolved it must be noted on a physician or pharmacy order and client aware.
- Assist with enteral tube medications
- Examples enablers:
 - Cups
 - Bowls
 - Spools
 - Straws
 - Adaptive devices
- Hand over hand is never allowed as an assistance
- Client maintains the right to refuse medications at any time.

What is NOT Covered Under Medication Assistance?

- ➤ Injectable medication
- >Intravenous medications
- Medication that requires nursing judgment

Oxygen is not considered a medication and may be an allowable task for assistance or administration

Assisted Living Exception Rule

- ➤ WAC 246-945-716 (proposed in WSR) Selfadministration in licensed assisted living facilities.
 - ➤ In licensed assisted living facilities, selfadministration may include situations in which an individual cannot physically self-administer medications but can accurately direct others.
 - > This may be assistance by LTCW without delegation.
 - ➤ WSR 24-21-154-CR-102 Med Assistance

Self-Directed Care – The In-Home Client

- This determined by the case manager in the functional assessment
- <u>Client</u> trains and supervises the IP
- The client's physician must be aware the client is selfdirecting their care
- Does not require delegation
- Only occurs in private homes
- Only occurs if an IP is providing care
- Client must be cognitively aware and able to direct IP
- The IP can provide any nursing task an able-bodied person could do for themselves.

WAC: 388-825-400

RCW: 74.39A

Form Review

All forms <u>must</u> be left where client resides for compliance with facility, contract, and rules

Nurse Delegation Forms

Required forms are for following Delegation rules and to keep paperwork in compliance with DSHS Nurse Delegation Contract.

For the delegating nurse it is important to also remember that the Adult Family Home and the DDA Community Residential setting is also held accountable by DSHS to have the correct documentation and supervision.

ND Forms

Registered Nurse Delegation Forms page

All the forms are linked on the delegation website	WORD and PDF are available for download
Nurse Delegation Referral Form (01-212)	Nurse Delegation: PRN Medication (13-678A)
Nurse Delegation: Credentials and Training Verification (10-217)	Nurse Delegation: Change in Medical Orders (13-681)
Nurse Delegation: Consent for Delegation Process (13-678 page 1)	Nurse Delegation: Assumption of Delegation (13-678B)
Nurse Delegation: Instructions for Nursing Task (13-678 page 2)	Nurse Delegation: Rescinding Delegation (13-680)
Nurse Delegation: Nursing Visit (14-484)	There is no standard DSHS form for Nursing Assessment. You are responsible for creating your own Head to Toes assessment form and documentation.

^{**} Always check for the most recent form and keep them updated to include medication lists and LTCW credentials

Private Homes

» In private homes RN may set up the client's file, which includes all the following:

- ✓ Nurse delegation forms
- ✓ Assessment
- ✓ Medication orders
- ✓ Medication administration records (MAR's)
- ✓ Credentials for all delegated LTCWs

Washington State Department of Social and Health Services

Putting It All Together

Referral

Referral Form

- Case Manager will email if a state client
- Must be accepted and return page 1 to CM in 2 days for HCS clients & DDA clients

Attached to the referral from CM:

- Copy of most recent CARE assessment
 - Including behavior support plans
- Release of information
- Authorization number
- Date of birth
- ACES ID number
- RN Assessment of client must be completed within 3 days of accepting the referral for HCS & DDA.
 - If unable to meet this deadline, discuss with case manager

Referral Form

- Nurse Delegation Referral Form
- Authorization number, client name/information, and DOB are REQUIRED to bill for services.
- CARE assessment and Release of Information (ROI) will be attached.
- CM and RND will sign and date page 1 of the referral.
- The date of acceptance begins on the day signed by CM and RND.

<u>Credentials and Training</u> <u>Verification Form</u>

- Complete training and credentials form for new client, new LTCW, and when there are changes to LTCW credentials and training.
- Check credentials for all delegated LTCW's at every supervisory visit or as needed.
- Ensure documentation for:
 - Current credentials
 - Verification of exempt LTCW letter of employment
 - All required training

Certificate of Training Verification

Must have:

- √ The name of the student
- √The title of the training as approved by the department
- √The number of hours of the training
- √The name and identification number of the training entity
- √The instructor's name
- √The instructor's signature must be a DSHS approved instructor for the training entity.
- ✓ The completion date of the training
 - **Watermark and border

Physical Assessment

Full body nursing assessment

Currently no standardized form required. Must use their own form

Must be completed on initial delegation visit and at each 90day supervisory visit

Registered Nurse Scope of Practice

Nurse Delegation: Instructions for Nursing Task #13-786 page 2

- Documentation of the instructions given to the LTCW.
- Be specific when giving examples of side effects and steps to perform task.
- There should be a task sheet for each individual task.
- Must have clear description of the procedure or steps to follow to perform the task.
- Instruct on how to document task in patient's record.

Documentation must be client specific and include:	How to observe and report potential side effects or unexpected outcomes including:
Rationale for delegating the task	When to notify the RN for side effects or unexpected outcomes
Nature of condition requiring treatment and purpose of the task	When to notify primary care provider for side effects or unexpected outcomes
Predictable outcomes of the nursing task and how to effectively deal with them	When to notify 911
Risk of treatment and interactions of prescribed medications

To register concerns or complaints about Nurse Delegation, please call 1-800-562-6078

DISTRIBUTION: Copy in client chart and in RND file

Nurse Delegation: PRN Medication

Must be specific to client.

Include all information listed in <u>WAC 246-340-930</u> including but not limited to:

- Reason for medication
- Symptoms for administration
- Clear instructions for medication
- How to observe and report side effects
- complications, or unexpected outcomes and appropriate actions to deal with them
- Possible interactions of prescribed medications
- specific parameters for notifying

Nursing Services and Skin Observation Protocol (SOP)

As an RND, you may find that you are referred to do Skin Observation Protocol visit and Nursing Services visit

This is not a delegated task

DSHS Forms page

These forms are only used for SOP

- HCS Referral Form 13-776
- DDA Referral Form 13-911
- Basic Assessment Form 13-784
- Skin Assessment Form 13-780
- Pressure Injury Assessment 13-783

Questions and Break

Contracting as a Nurse Delegator

For <u>CONTRACTING</u> with DSHS you will be required to have or do the following:

- Active WA state or MSL unincumbered RN license
- Minimum 2-year nursing experience
- 2 professional recommendations
- Open your own business in WA state
- Obtain General/Professional liability insurance
- DSHS Background Check every 2 years (must not have a disqualifying crime)
- Create an account through the contracting process with Health Care Authority for Medicaid payment. The contractor is solely paid Medicaid funds for services provided.

This contract packet is received only by request from program

Email nursedelegation@dshs.wa.gov

Nurse Delegation Responsibilities by Entity Role

- Contracted RN responsibilities
- Case manager responsibilities
- ND program manager responsibilities

Contracted Delegator Responsibilities

- Document when, how, and from whom referral was received.
- If necessary, arrange interpreter services with CM.
- Return page 1 of referral to case manager within 2 working days.
- Assess client within 3 working days of receiving the referral.
- Return completed page 2 of referral to CM in 10 days
- Notify CM if there is a change in client condition.
- Notify CM if rescinding or assuming a caseload.

Additional

- Send client files to case managers as requested.
- Send client files to program managers if requested.
- If client resides in a private home, set up client chart.
- Teach LTCW how to safely perform the nursing task.
- Maintain duplicate copies of all ND files for 6 years.
- Maintain a current RN license, business license, and liability insurance.
- Report suspected abuse or neglect.

Your Contract

Case Manager Role

- Send referral to RN.
- Send current CARE assessment.
- Send Positive Behavior Support Plan (DDA).
- Send Release of Information (ROI).
- Authorize payment for 12 months.
- Document a Service Episode/CARE note
- Communicate changes in client condition and/or eligibility.

Program Manager

- Resource for all contracted RNDs.
- Resource for RNs in the state of WA regarding delegation.
- Resource for CMs in the state of WA.
- Provide follow up and investigations on all delegation complaints with contracted nurses.
- Contract procurement.
- Maintain contracted RN records.
- Contract Auditing and Monitoring on all contracted RNs.
- Delegation training statewide.

DDA Nursing Services Unit Manager

- Resource for DDA CMs in the state of WA.
- Resource for contracted RNDs serving DDA clients.
- Work with Program Manager on follow up and investigation of DDA delegation complaints.
- DDA training statewide.

Sources of Referrals

- Home and Community Services (HCS)
- Area Agency on Aging (AAA)
- Developmental Disabilities Administration (DDA)

Keep in mind - the referral will come from the case managers. The referring CM may be the one to get the process started but is not necessarily the CM that will follow the resident after placement. If there is difficulty contacting CM, email PM or DDA NS unit manager.

Business Information

To begin finding clients you may:

- Contact Case Manager's in your area HCS and DDA office
- Develop marketing materials
 - Business cards
 - Flyers
 - Website
- Contact other RN delegators in your community
- Attend bi-monthly contractor meetings

Remember - You must market your business yourself

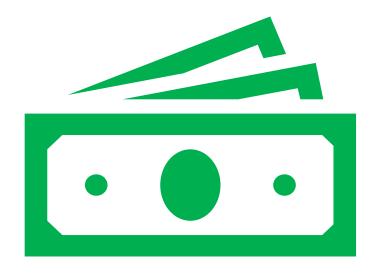

What can I be paid for through billing?

- >Assessment and LTCW Training
- ➤ Collateral Contact Communication
- >Travel time
- ➤ Documentation
- ➤ Billing time

The contractor can only be paid for delegating tasks, not performing the task

Payment

Per contract: RN delegators *must* track time billed

Billing is done in units

1 unit= 15 minutes

4 units= 1 hour

Current rates: \$12.86 per unit/\$51.44 an hour for Individual RN

\$15.43 per unit/61.72 an hour Home Health Agency ND Contracted RN

Link For Billing Tutorial

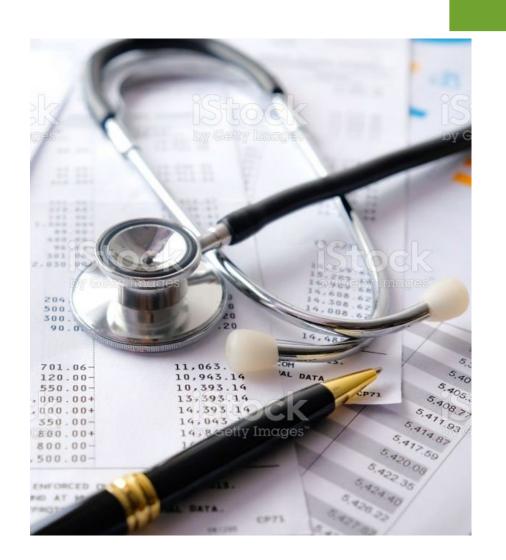

Billing

All billing is done by contractor via Provider One system through Health Care Authority.

- HCS and DDA clients are authorized:
 - > 100 units per month x 12 months
 - ➤ If you go over 100 units the RN must complete an additional unit request form outlining rationale. Request for additional units
 - All billing must be supported with documentation of time and reason. The date of service is the date you bill on.

Example Billing Form

- » Track units in category
- » Add units up based on your billing schedule
- » This form can be edited to your needs
- » Easier for providing support for your services billed when requested or audited.

Nurse Delegation is a relationship between your client, the family, caregivers, and case managers.

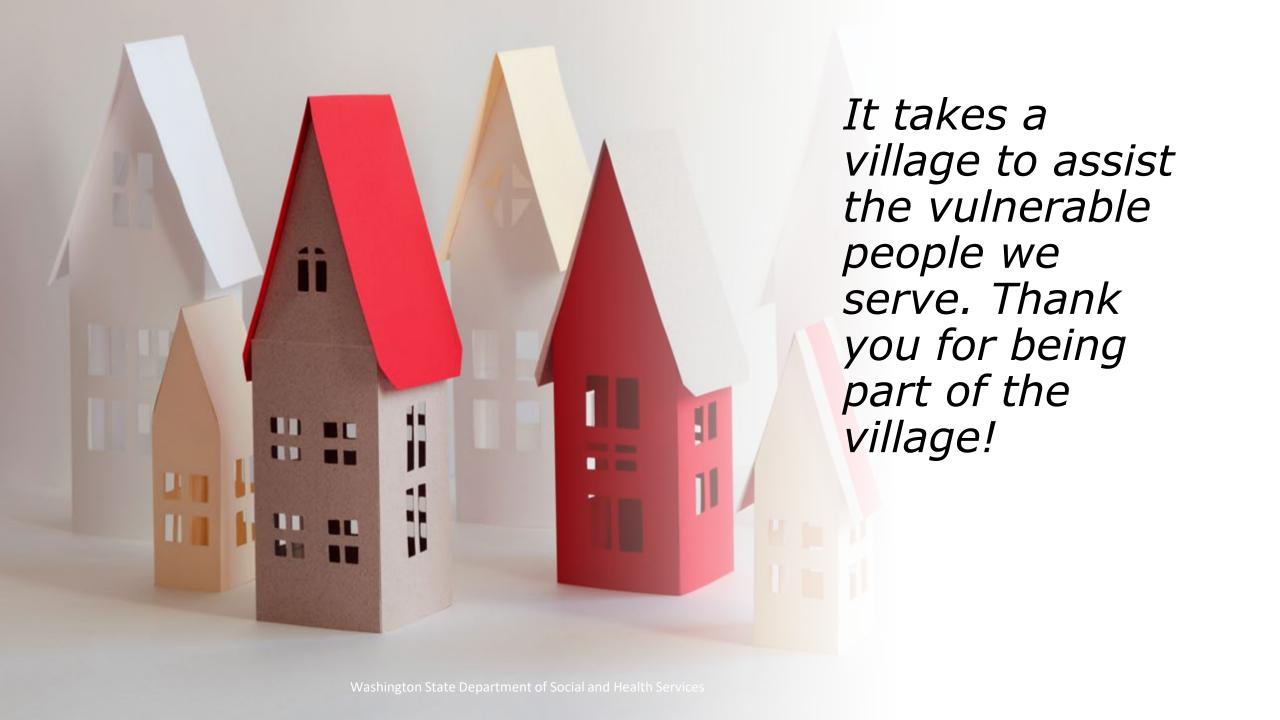

Fostering this communication and support will be a key to developing a solid business.

Summary of Community Nurse Delegation

- Laws and rules apply to DSHS Community based residential clients
- Nurse delegation is based on the nursing process.
- Communication is key to having a successful business.
- DOCUMENTATION supports you and your practice
- RND Program Manager is available for support.
- ♦ This is a lot of information. Save the website and the handouts for your reference:
- ♦ Nurse Delegation website
- ♦ WABON website

Program Evaluation

Your feedback is very important:

An evaluation will be given for you to fill out at the end of the day, please leave it at the door. You will be given your certificate via email. Please remember to keep the copy for your records. It is required for contract application.

IF YOU WISH TO CONTRACT WITH DSHS PLEASE SEND A REQUEST FOR PAPERWORK TO:
