ESA Programs

The Department of Social and Health Services (DSHS) partners with people to access support, care, and resources that help them reach their full potential. Although most ESA clients do not receive a cash grant, they may access other foundational supports such as food assistance, work-related support services, assistance with child support, or medical coverage. A family crisis or change in the economy, even a small one, can force families into situations requiring assistance, whether it is the support of a cash grant, help with child support, or temporary assistance to avoid losing housing. The following pages provide a brief description of ESA programs. In order to learn more about a particular program's caseload, client demographics, expenditures, and program details, please see the corresponding full-length chapter.

5. Categorically eligible AUs with one or two members receive a minimum allotment of \$23.00 if eligible for that amount or less.

Transitional Food Assistance (TFA)

Brief Description

Provides stable food assistance to families leaving the TANF/SFA or Tribal TANF programs while receiving Basic Food, as well as families that receive a \$10 Transitional Cash Assistance benefit. TFA is meant to help meet a family's nutritional needs for five months as they transition to economic stability.

Legal Authorization

[RCW 74.08A.010](#) Transitional food assistance

Funding Source

TFA benefits for SNAP recipients are 100% federal-funded from the U.S. Department of Agriculture (USDA) Food and Nutrition Services (FNS). TFA benefits for FAP recipients are state-funded. Funding of the state's administrative cost for the program includes both federal and state funds.

Population Served

Former TANF/SFA and Tribal TANF program recipients who were simultaneously receiving Basic Food benefits.

Eligibility

Households are eligible for up to five consecutive months of TFA benefits if they meet all the following eligibility requirements:

1. The family was receiving Basic Food when determined no longer eligible for TANF or eligible for Transitional Cash Assistance (TCA) which began July 1, 2022.
2. After the family stops receiving TANF, no other member of the Basic Food assistance unit continues to receive TANF;

3. The family did not move out of Washington state.
4. The family was not in sanction status when TANF ended.
5. When the TANF grant ended, the Basic Food assistance unit (AU) did not become ineligible because:
 - a. They were applying for recertification of their Basic Food benefits and refused to cooperate with the application process; or
 - b. All members were ineligible for Basic Food for the reasons stated in [WAC 388-489-0025\(3\)](#).
6. There is no limit to the number of times a family may leave TANF and receive transitional food assistance.

Services

Same as for federal SNAP:

1. Basic Food clients receive monthly food benefits via Electronic Benefit Transfer (EBT) to their Washington EBT Quest card. Food benefits may be used at participating retailers.
2. The TFA benefit amount is based on the regular monthly benefit allotment issued to the Basic Food AU for the last month the AU received TANF or the month the AU qualified for TCA. The last TANF grant payment will not count when the transitional food assistance benefit amount is calculated. For example:
 - a. If the Basic Food assistance unit's only income was TANF, the transitional food assistance benefit will be the amount the household would have received if it had no income.

- b. If the Basic Food benefit was calculated using TANF plus income from another source, only the income from the other source is counted when calculating the transitional food assistance amount.
3. TFA benefits are adjusted if:
- a. An assistance unit member is found eligible to receive Basic Food in another assistance unit. Benefits are adjusted by:
 - i. Reducing the assistance unit size by the number of persons who left the assistance unit; and
 - ii. Removing the income and expenses clearly belonging to the persons who left the assistance unit.
 - b. A change to the maximum allotment for Basic Food under [WAC 388-478-0060](#) results in an increase in benefits for Basic Food assistance units.
 - c. There is an overpayment of Basic Food benefits and adjustments are deducted from the monthly benefits to repay the overpayment as required in [WAC 388-410-0033](#). This includes:
 - i. Starting a new monthly deduction;
 - ii. Changing the amount of the monthly deduction; and
 - iii. Ending the monthly deduction when the amount owed is paid off.
- 8. Charitable agencies
 - 9. Working Family Support

- 6. Community medical centers
- 7. Senior outreach
